MINUTES OF THE PARISH COUNCIL MEETING HELD ON THURSDAY 28TH JUNE 2012 IN ASHFORD SCHOOL

Present: Cllr D Windle (Chairman), Cllr W Dinley, Cllr A Middleton, Cllr B Taft,
Cllr T Williams, Cty Cllr J Twigg, Mrs A Fox (Clerk)

58.12 Apologies for Absence: Cllrs R Akeroyd and R Spinks and District Cllr C Walker.

59.12 Declaration of Members' Interests: None.

60.12 Public Participation: Isabel Frenzel, Rural Housing Enabler at DDDC, attended the first part of the meeting to present her Housing Needs Survey Report, the conclusions of which were as follows:

There is very limited opportunity for local people to meet their housing need in Ashford-in-the-Water by buying or renting a home on the open market. The turnover of current affordable housing in Ashford-in-the-Water is unlikely to meet the identified need for affordable homes.

The survey has identified 13 households in need of affordable housing in Ashford-in-the-Water. It is normally assumed that a proportion of this need will satisfy its own housing requirement over time and some will move away from the area. Therefore, if a third of this figure is taken as a guideline of actual need, then 4/5 households are in need of affordable housing.

The survey has identified a predominant requirement for 1/2 bed homes across a range of household types (houses, flats and bungalows) with a lesser need for 3 bed houses. Although the main need is from single people and couples who would ordinarily only be offered a one bed property under the Home-Options Allocations criteria, 2 bed homes would offer greater flexibility within the rural context, particularly where only a small number of homes are to be developed. On the other hand, the changes contained within the Welfare Reform Act relating to under-occupation and single room rent levels for under 35s which will see a higher demand for and lower turnover in one-bedroomed accommodation from both under 35s and those wishing to downsize into smaller accommodation.

If 4 homes were to be built as a result of this survey, the following mix would reflect the identified need:

2 x 1 or 2 bedroom bungalows
2 x 1 or 2 bedroom houses or flats

In terms of tenure, the main requirement is for affordable rented accommodation provided by a Housing Association. The financial information provided suggests that shared ownership may not be a viable option, as only 2 households could afford shared ownership.

Even though house prices have shown a recent decrease, there is still a large gap between incomes and house prices, which will continue to have a significant impact on affordability. The current credit crunch is also making it more difficult for people to get on to the housing ladder, with fewer mortgages available, larger deposits and a good credit rating being required. There is also a movement away from 100% mortgages and lending above 3 to 3.5 times a household's gross annual income.

This survey has been undertaken with the support of Ashford-in-the-Water Parish Council. These conclusions are based on information provided by residents of Ashford-in-the-Water as part of a paper-based survey. The views of the Parish Council and the community on the outcomes of this report are very much welcomed.

61.12 Minutes of Annual Meeting held 17th May 2012: These minutes were proposed by Cllr Spinks as a true record, seconded by Cllr Williams and signed by the Chairman.
